SKILLS TO WORK

connect. train. get hired.

Our training programs for young adults (Ages 18 to 29) will give you the skills, certificates, basic equipment and experience to obtain meaningful employment

Light Industrial Training (LIT)

Open the door to the advanced manufacturing and warehouse industries with the essential skills and competencies needed to succeed

Construction Technologies Training (CTT)

Learn the attitudes, skills and processes required by employers for entry level positions in the growing construction industry

Administrative and Clerical Training (ACT)

Take your administrative skills to the next level for the dynamic changing office environment. Learn the office procedures, accounting and MS office tools for success

Property Maintenance Training (PMT)

Participants learn the critical skills that prepare them to work in the cleaning industry, including medical office and hospital cleaning
